Hadi Clinic – Phomello Hospitality Solution

HADI CLINIC
مستشفى هادي
HADI CLINIC

Overview:

Hadi Clinic is the first private hospital in Kuwait, provider of world-class medical services since 1976, its acute care, general medical/surgical hospital whose mission is to provide high quality international standard healthcare that will meet the needs and exceed the expectations of the people of Kuwait and the surrounding Gulf States. The Hadi Clinic was therefore planned, designed, built and equipped to meet international Standards of health care. We operate to these standards, every day, in everything we do for the patients. Most of our physicians who are credentialed at our hospital are Board Certified or of equivalent Western training programs, such as those in United States, Canada and the United Kingdom.

Requirement:

Hadi clinic was looking for a healthcare solution that connects with patient's priority to take full care since check-in to check-out from the hospital. They need to take care of health, diet food etc to recover once they connect with Hadi clinic.

After searching various vendors in the market Hadi found, Pegasus International computers as a solution provider which suits their requirements.

Pegasus International Computers has understood the scenario's which Hadi was searching for, & then Pegasus provided a full demonstration of the solution which was going to be provided to them. After fully understandable & agreed between two parties they bind with each other for five years to deal with the solution.
