A Better user experience And a Smoother Payment Process.

Kiosk Overview

Pegasus Payment Kiosk involves developing a system that allows users to make payments independently without the assistance of a cashier. These kiosks can be used in various settings such as Retail stores, Restaurants, Parking lots, Hospitals, and Libraries.

No.	Components	Model	Details		Picture
1	Display 21.5-inch, 1920*1080 TFT LCD	KP12	Screen Diagonal	21.5-inch	
			White Luminance	350cd/m2	
			Contast Ratio	1000:1(type)	
			Response time	5msec	
			Resolution	1280 (RGB)×1024	
			Working temperature	"0 - 65℃	
			Compliance	RoHs compliance & TCO compliance	
2	Industrial PC System	KP12-PC	CPU	i5/i7	
			RAM	4GB/8GB	
			SSD	128GB/256GB/512GB	
			Interface	2*USB3.0 port，2*USB2.0 port (LAN2 port optional)，1*VGA port，1*HDMI port (used with EDP2)，1*LAN1 NIC port，1*DC port，1*MIC-IN port，1*LINE-OUT port，1*CLR_CMOS button	
			Operation System	Windows 10 or Linux, 64 bit professional Operation System for test（without license)	
			PC power supply	Huntkey	
3	Label Printer	KPM180H	Printing method	Thermal with fixed head	
			Print width	80mm	
			Print length	20-82.5mm	
			Emulation	CUSTOM/POS, SVELTA	
			Interface	RS232 / USB / Ethernet

4	QR reader	PS567F	Symbology supported	DataMatrixandGS1-DataBarTM(RSS)	
			QRCode	QR1,QR2,MicroQR	
			Interfaces	USB	
5	Web Camera	KP12	Resolution	1920*1080	
			Pixel	200W+500W	
			Interface	USB 2.0	
6	Amplifier and stereo speakers	OP-100	Dual channel amplified speakers for Stereo, 8Ω 5W.		
7	Accessories	Power adaptors, security Lock for Anti-theft , tray for easy maintenance, ventilation fans, Wire-LAN Port; Power sockets for electricity, USB ports; Cables, Screws, etc..			
8	KIOSK Cabinet	AS-5231	Dimension	decided when finish production	
			Color & Logo	Optional by customer	
			Material	1.5mm thickness cold-roll steel frame for outer kiosk boby; Electrostatic Painting high corrosion resistance and low conductivity	

Brand	Pegasus
Product Name	Hotel Self check -in service Terminal
Touch screen	10-Point Capacitive Touch
Supported OS	Windows or android
Application	Government, Hospital, Hotel
Power supply	110-120, 220V-240V or optional
Optional parts	QR Code , A4 Printer, Electric Reader card, Camera, iC card
Product type	Intelligent self-service equipment
